

CRAFTING KINDNESS

We need your help!

A Community Collaboration with the Arthur J.E. Child Cancer Centre

The Lakes at Rocky Ridge HOA has partnered with the AHS Volunteer Resources team at the Arthur J.E. Child Cancer Centre in Calgary. Their volunteers are currently in need of handmade comfort items for patients, so we're hoping our caring community can provide helping hands through crafting.

If you knit, crochet, or sew, we'd love for you to take part in this initiative. These handmade pieces bring comfort, warmth, and calm to patients during vulnerable moments. This simple gesture means more than one could imagine.

NOT A CRAFTER?

You can still play an important role!

Please help us spread the word, share this initiative with friends, family, or anyone you know who enjoys crafting. Feel free to pass along this poster or share it on your social media.

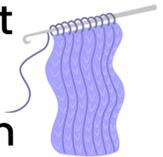

We are accepting donations to support this cause, especially soft, clean yarn and crafting supplies. These contributions help us bring even more makers on board!

We're hoping to reach not just within our community, but anyone beyond it who may want to join in.
